

## Leonard Cheshire Disability recruiting for trustees

- A trustee with a strong financial background in a business/commercial environment.
- A trustee with experience in the international arena.
- A trustee with a strong link to the North East of England and Yorkshire.

Full details can be found at [www.harveynash.com/lcd](http://www.harveynash.com/lcd)

LCD particularly encourages applications from disabled people or people with the personal lived experience of disability, women and members of the Black and Asian minority communities with any of these areas of expertise.

Should you by any chance have a particular interest in education we are also working for another charity, The British & Foreign School Society who are recruiting new Trustees. Expertise in charity law, IT, marketing or finance would be particularly welcome. Applications would be also welcome from early and mid-career professionals, from women, members of ethnic minority communities and those with a disability. More details at [www.harveynash.com/bfss](http://www.harveynash.com/bfss) and you can contact Imogen Wilde on 01883 331177
